DEFINITIONS

A. CONTACT HOURS of EDUCATION/TRAINING is defined as workshops, seminars, institutes, accredited college/university courses, MCB approved home study or on-line courses and in-services. One (1) contact hour of education is equal to sixty (60) minutes of continuous instruction. 15 contact hours are given for each college credit. Therefore, a college course of three (3) credits is equal to 45 contact hours.

In order to be considered a valid training experience for the purpose of credentialing, education/trainings must be related to the knowledge and skill base associated with the performance domains of a substance use disorders counselor.

All education taking place outside the applicant's place of employment must be documented through proof of attendance including transcripts from an accredited college, letters and/or certificates of completion. Supporting documentation in the form of brochures, flyers, syllabus, course description, etc. may also be required to review content for acceptability.

All education taking place within the applicant's place of employment must be documented by title, date and length of presentation, as well as the name and title of presenter. The training must be verified by the employee's supervisor who attests the training took place and the employee was a participant in the entire training.

B. APPLICABLE WORK EXPERIENCE is defined as supervised work experience in a position with job duties that assist clients in the recovery process by performing the substance use disorder counselor performance domains. Experience as a volunteer, intern and/or payment of a stipend qualifies as work experience if the same work is performed that a paid employee would perform.

All qualifying work experience must have been accrued during the ten (10) years immediately prior to application being made.

Work experience must be verified by an employment verification form from the agency(s) in which the applicant has been employed.

C. SUPERVISED PRACTICUM IN THE PERFORMANCE DOMAINS is defined as performance of the performance domains while under supervision.

Supervision must be provided by someone who holds a CRADC, CRAADC, CCJP, CCDP, CCDP-D, RADC, RADC-P, LPC, LCSW, LMFT or Licensed Psychologist and who has attended the MCB Clinical Supervision Training.

The supervision of the performance domains may take place within an academic setting and/or within a supervised work setting. The goal is to receive supervised experience in <u>all</u> of the domains. Applicants must complete a minimum of 10 hours performing each of the domains with a total supervised practicum of 300 hours.

D. PERFORMANCE DOMAINS DEFINITIONS: Refer to the ADC Candidate Guide on the MCB web site at <u>www.missouricb.com</u> under the Education Box/Candidate Guide link.
